

Because we care

Focus is on Caring

“Little did any of us know that when John was offered a room at Hospice Niagara, our lives would be touched forever. What was one of the most difficult times in our family’s life became a bittersweet blessing. The incredible staff and volunteers at Hospice Niagara bring hope and comfort to the families and individuals they serve, and this is shown through all of the little and not so little gestures. They took our heartbreaking situation and helped make it into a loving tribute to the life and journey of John. Through loving care and dedication we were able to spend our last moments together, not as caregivers, but as family. Words will never be enough thanks.”

Hospice Niagara was founded by a small group of committed individuals who recognized the need for excellent palliative care in our community. Their earliest efforts led to the Hospice Niagara that we know today.

Since the opening of The Stabler Centre in 2007, the strong financial support of our donors has enabled Hospice Niagara to become a leader in end-of-life care.

Our shared accomplishments include:

- Supporting 682 individuals with a caring companion in their own home, hospital or long-term care facility
- Creating an uplifting environment for 199 individuals to enjoy a weekly day of relaxation and caring companionship in Day Hospice
- Accompanying 699 children, adolescents and adults as they grieve
- Providing quality end-of-life care for 403 residents in a home-like setting at The Stabler Centre
